Dear Vietnamese American Community,

For the past several months, the City has held a series of meetings with developers, affordable housing advocates, and neighborhood residents to discuss the proposed expansion of the City's Inclusionary Housing Program.

The Citywide Inclusionary Housing proposal will require all new residential developments to allocate a percentage of housing units made available to low- and moderate- income individuals and families.

Prior to the City Council vote on this item, Vice Mayor Dave Cortese and Councilmember Kansen Chu would like to hear ideas and suggestions from the Vietnamese American community on the process of creating a Citywide Inclusionary Policy by attending the meeting location indication below:
